

The Department of Anthropology presents:

GRAD FORUM

FRIDAY
NOV
9

Join us for our **3rd Annual Grad Forum** where our **Public Issues Anthropology** MA students present their research. This year will include a Meet & Greet with graduate students and Professors. Join us for refreshments and to learn more about our graduate program and new research topics!

Research Topics Include:

- › *A Chaîne Opératoire Perspective on the Lithic Industries at the Iler Earthworks*
- › *Breaking Bones: Analyzing Trauma and Pathology in the Individuals from Gurat, France*
- › *3D Technology Applied to Faunal Remains from Mingo Lake*
- › *Birding, New Media and Design: An Anthropological Investigation*
- › *Bioarchaeology and Prehistoric Greece: Human Skeletal Remains From Klenia*
