

THE DEPARTMENT OF ANTHROPOLOGY PRESENTS

FRIDAY  
NOV  
18

# GRAD FORUM

## Learn about MA graduate research

Join us for our 6th annual Graduate Forum where our Public Issues Anthropology MA students will be presenting their research, followed by a meet & greet with professors and current graduate students.

### Presentations on:

- > *A Demographic and Paleopathological Analysis of a Perplexing Group of Graves in Ancient Corinth, Greece*
- > *Smile! Comparing the Prevalence of Caries and Calculus in Two Rural Greek Cemeteries for Evidence of Dietary Differences*
- > *Accessibility in Bioarchaeology: Methods of 3D Imaging Using Entheses*
- > *Carrying Sacred Plants: An Archaeobotanical Analysis of the Iler Earthworks Macro Remains*
- > *Pots and People: Understanding Pottery Production and Decorative Style in the Western Basin*
- > *Talking with design trend forecasters in China*
- > *Data Production Through iNaturalist, An Anthropological Approach*
