

PROSTATE CANCER AWARENESS MONTH SPEAKER SERIES

This free virtual Speaker Series held throughout the month of September is designed to bring together a range of perspectives on issues related to prostate cancer in honor of prostate cancer awareness month. Broadly, we aim to bring awareness to the most prevalent cancer in Canadian men and provide essential support to the thousands of men living with prostate cancer in Canada, their loved ones, and the roughly 23,000 men who will be diagnosed with prostate cancer in 2020 alone.

JOIN US ON ZOOM AT 11 AM PDT ON TUESDAY, SEPTEMBER 8TH, 15TH, 22ND, AND 29TH

Please register in advance by clicking on the presentation you wish to attend.
